OVERVIEW

Available Oct. '21.

Refit 2017, Quick Sale!

The ultimate 3 cabin yacht to sail ! This 3 cabin yacht can comfortably house up to 7 people. With her 3 spacious cabins and two heads, she is one of the leading yachts in her category. This yacht is in the 3 cabins version and is therefore very suitable for sailing with family or friends. The cockpit is very spacious and thanks to the sprayhood one is well sheltered. For the lesser days a cockpit tent can easily be set up. Sailing is child's play thanks to roller systems for both mainsail and genoa, everything can be controlled from the cockpit. Also present are a half wind and high aspect jib, so for all wind types the right sail lining can be chosen.
